

Admission Policy

(For academic year 2023/2024)

Philosophy

LEMANIA College welcomes students without discrimination of origin, gender or religion.

LEMANIA College does not set formal “entrance requirements” for the IBDP courses.

Recommended conditions

- agree with the goals and values of Lemania Colleges’ Mission Statement;
- obtain a visa and a student permit, if they live abroad;
- be at least 16 years of age at the beginning of the programme (exceptions may be granted for special cases; this condition does not apply to the preparatory class).
- show a thorough mastery of the English language (at least B1 level according to the European Language Portfolio – see 5 below);
- have covered the presumed knowledge in mathematics as defined by the IB syllabus.

If students have previously studied in another system elsewhere, Lemania College will use the academic reports from their previous school. An interview with the DP Coordinator will be arranged whenever possible in order to consider the student’s further education and career intentions, and to confirm the candidate’s suitability to develop the attributes of the Learner profile.

Diploma profiles

In order to provide the best preparation for future studies, Lemania Colleges has developed a variety of subject combinations for its students. Combinations of subjects are updated on a yearly basis in the framework of the admission policy.

Lemania Colleges have set various combinations of subjects as requested to grant access to Swiss universities: these combinations are referred to as « Swiss university profile », so that they can be easily identified. This does not mean that they are the only profiles accepted by Swiss universities. Students are advised to take French as a foreign language if they plan to apply for the universities of Geneva, Lausanne, Fribourg or Neuchâtel.

COMBINATIONS OF SUBJECTS

The combination of the choice is validated by the DP coordinator according to the background of the pupil and the universities entry requirements. Specific requirements for countries can found at: <http://www.ibo.org/university-admission/recognition-of-the-ib-diploma-by-countries-and-universities/country-recognition-statements/> ; <https://www.swissuniversities.ch/>

In addition to their 6 subjects, all students are required to undertake the compulsory 3 components of the core of the IBDP: Theory of knowledge, Extended Essay and CAS (Creativity, Activity and Service).

The subjects proposed by our school are the followings:

Group 1	English A Language and Literature HL & SL French A Literature HL & SL Russian A Literature HL&SL Spanish A Literature HL&SL German A Literature HL&SL Italian A Literature HL&SL *Chinese A Literature HL & SL *Persian A Literature HL & SL *School Supported self-taught language A Literature: Japanese A, Turkish A

A second language in Group 1 can replace the Group 2 language.

*These languages are only offered upon demand, and there is an additional charge to the school fees.

** These courses could be taught in French, if at least 4 students ask for it.

Admission procedure

Candidates register using the Registration Form available on the website or provided by the school.

Following reception of the registration form, Lemania College addresses a personal acceptance letter to the candidate in case of admission. In case of non-admission, an explanation is given by the IB Diploma Programme Coordinator.
